

EDMONTON | CALGARY | VANCOUVER | PERTH

The more strategic we can be in our thinking the better solutions we can create.

Profile

Founded in 1999 on the principle of harnessing technology to deliver exceptional results.

We are strategically located in Edmonton (head office), Calgary, Vancouver and Perth, Australia and specialize in delivering industry leading enterprise IT solutions for the small to medium enterprise market around the globe.

At Catalyst we believe in having partners in the right places. Accordingly, we have supply chain partnerships and certifications with the leading hardware and software vendors across the IT industry.

The Catalyst Difference

At Catalyst Network Solutions, we do Enterprise IT a little differently:

- Cost certainty
- Lower cost of ownership and improved ROI
- Best-in-class solutions
- Industry leading uptime, reliability & security
- Growth-proof solutions, provide optimal flexibility for rapid expansion
- No call trees, our phone is answered by a live person 24x7x365
- Better customer service, no off-shore support centres
- In-house Research & Development
- Increase efficiency of in-house resources and personnel
- Faster implementation of IT resources

Services

Delivered from an experienced, innovative provider committed to meeting and exceeding customer expectations, we offer:

- IT Consulting - project specific & ongoing consulting.
Second level support for internal IT resources
- CIO / IT Director Outsourcing - gain access to an individual whose main concern is to keep your business on the profitable path to success through technology
- Managed Services - complete managed service solutions for your network needs.

Qualifications

Our team's credentials include:

- Cisco Certified Design Associate (CCDA)
- Cisco Certified Network Associate (CCNA)
- Microsoft Certified Professional (MCP)
- Microsoft Certified Systems Engineer (MCSE)
- CompTIA A+
- Information Technology Infrastructure Library (ITIL)
